## RE: APPRECIATION FOR TOOLS & EQUIPMENTS

On behalf of the Board of Management of Mwandimu East Vocational Fraternity we would like to render our appreciation for the tools and equipments that you did donate to our institution.

Those equipments will assist our motor vehicle and mechanic, masonry and garment making students to learn more in their area of studies. Also we extend appreciation for the stationeries and utilities you donated to us.

Currently the enrolment has increased since the provision of equipments and we do hope that we shall continue receiving more assistance from you to enable us sensitize the youths within Kwale county to be self reliant individuals in the community.

Once again asante sana.

Yours faithfully,

Mary L. Chome  
Manager.
